

When you feel like giving up - Romans 12:11-11

Dr. Byron Morgan

Intro

Believers often start out with a burning passion for Christ, but on that spiritual journey something happens and when the stresses in life come we settle for spiritual complacency. Not talking about the believer who limps between carnality and pseudospirituality.

We're talking about the "professional Christians" who are Matthew 15:8 people.

What does the apostle Paul have to say when it comes to giving up.

v10: Outdo one another!

Love is self sacrificing!

A passionate

"not lagging" to be slothful or lazy

"diligence" psoude

it has the basic idea of haste

Ecc 9:9 - do not be slothful about serving the LORD

Eph 6:5 - wherever God plants you you're to do it as if he were standing right there. You are to do it for Him.

"spirit" this speaks of a fire! A passion for the LORD! Fervent is a heart attitude!

"fervent" to boil!

Literal translation:

"In zeal not slothful, in spirit burning, in serving the Lord."

God understands our humanity! If we stray from this mindset then don't stay there!

"If you are to busy for God then you are to busy then God intended you to be" - Howard Hendricks

Revelation 2:1

There is a Church that taught the Word of God the “right way” but they were not white hot after God.

“repent” change your direction

Revelation 3:14-22

Satan’s great tool is not to see one be an unbeliever but to be inoculated from the real disease!

“I am knocking at the door! And if you do what I ask we will have this hot banquet and a fiery relationship!”

“Life is tough at best, handle it with prayer!”

We’ve moved from a thinking Christianity to a feeling Christianity today. We must move from this area that isn’t easy, that doesn’t feel good but we need to trust Him and walk with Him through the tough times.

Luke 17:7-10 - don’t just do what God has commanded you to do.

Potential side effect is “I’ve been there, I’ve done that. I know that I’ve been taught”
